

ADSB Fundamentals and Lessons Learned from an Early Adopter

Roger will cover some of the beginning history of RADAR and the ADS-B. He will also cover the requirements for different aircraft, ADS-B out, ADS-B in, it's use in the National Airspace System and some of the alternatives available to general aviation. Roger will cover some of the lessons he has learned, along with a few practical tips.

Directions: **PLEASE NOTE THAT THE MEETING VENUE HAS CHANGED** Going East on I-90, take Exit 291B and go left, up the hill to the first signal (Mission) and turn left into the parking lot. Going West on I-90, take Exit 291B and go right to first signal (Mission) turning left into the parking lot.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
